

with: Robert M. Beningson, North American Energy Conservation, Inc., 280 Park Avenue, Suite 2700 West, New York, NY 10017 (212) 557-6200 (Facsimile 212-557-5678); with a copy to Robert M. Beningson, 74 Haviland Road, Stamford, CT 06903; AND Jeffrey Meyers and Harriet Moses, Esq., LeBoeuf, Lamb, Greene & MacRae, 125 W. 55th Street, New York, NY 10019-5389 (212) 424-8224 (Facsimile 212-424-8500).

Pursuant to 18 CFR 385.211, protests and comments will be considered by the DOE in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene under 18 CFR 385.214. Section 385.214 requires that a petition to intervene must state, to the extent known, the position taken by the petitioner and the petitioner's interest in sufficient factual detail to demonstrate either that the petitioner has a right to participate because it is a State Commission; that it has or represents an interest which may be directly affected by the outcome of the proceeding, including any interest as a consumer, customer, competitor, or a security holder of a party to the proceeding; or that the petitioner's participation is in the public interest.

A final decision will be made on this application after a determination is made by the DOE that the proposed action will not impair the sufficiency of electric supply within the United States or will not impede or tend to impede the coordination in the public interest of facilities in accordance with section 202(e) of the Federal Power Act.

Before an export authorization may be issued, the environmental impacts of the proposed DOE action (i.e., granting the export authorization, with any conditions and limitations, or denying it) must be evaluated pursuant to the National Environmental Policy Act of 1969.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above.

Issued in Washington, DC, on April 13, 1995.

Anthony J. Como,

Director, Office of Coal & Electricity, Office of Fuels Programs, Office of Fossil Energy.

BILLING CODE 6450-01-P

Financial Assistance Award: Carsonite International Corporation

AGENCY: Department of Energy.

ACTION: Notice of Intent.

SUMMARY: The U.S. Department of Energy announces that pursuant to 10 CFR 600.6(a)(2) it is making a financial assistance award under Grant Number DE-FG01-95EE15625 to Carsonite International Corporation. The proposed grant will provide funding in the estimated amount of \$99,030 by the Department of Energy for the purpose of saving energy through development of the inventor's "Carsonite Noise Barrier Wall".

SUPPLEMENTARY INFORMATION: The Department of Energy has determined in accordance with 10 CFR 600.14(e)(1) that the unsolicited application for financial assistance submitted by Carsonite International Corporation is meritorious based on the general evaluation required by 10 CFR 600.14(d) and the proposed project represents a unique idea that would not be eligible for financial assistance under a recent, current or planned solicitation. The subject invention is an innovative thoroughfare noise barrier. The total design consists of a mobile production unit that travels to the roadside and fills fiberglass modules with locally shredded automobile and truck tires. For each one-mile stretch of wall, the invention proposes to reduce by 6 billion Btu the energy normally required to produce cement walls. Mr. Donald Shemanski, Sr., president of Carsonite, has assembled a staff consisting of an engineer, technicians and shop and plant personnel. Mr. Schmanski, who will serve as the principal investigator on this project, has spent 25 years working with heat-resistant plastic materials for the aerospace industry and is experienced in working with fiber-reinforced composites.

The proposed project is not eligible for financial assistance under a recent, current or planned solicitation because the funding program, the Energy Related Invention Program (ERIP), has been structured since its beginning in 1975 to operate without competitive solicitations because the authorizing legislation directs ERIP to provide support for worthy ideas submitted by the public. The program has never issued and has no plans to issue a competitive solicitation. This award will be made 14 calendar days after publication to allow for public comment.

FOR FURTHER INFORMATION CONTACT: Please write the U.S. Department of Energy, Office of Placement and Administration, ATTN: Rose Mason, HR-531.21, 1000 Independence Ave., S.W., Washington, D.C. 20585.

The anticipated term of the proposed grant is 24 months from the date of award.

Lynn Warner,

Contracting Officer, Office of Placement and Administration.

BILLING CODE 6450-01-P

Financial Assistance Award: Incisive Engineering, Inc.

AGENCY: Department of Energy.

ACTION: Notice of Intent.

SUMMARY: The U.S. Department of Energy announces that pursuant to 10 CFR 600.6(a)(2) it is making a financial assistance award under Grant Number DE-FG01-95EE15633 to Incisive Engineering, Inc. The proposed grant will provide funding in the estimated amount of \$98,000 by the Department of Energy for the purpose of saving energy through development of the inventor's "Complex-Mode Vibration-Fluidized Bed for Coal Pyrolysis."

SUPPLEMENTARY INFORMATION: The Department of Energy has determined in accordance with 10 CFR 600.14(e)(1) that the unsolicited application for financial assistance submitted by Incisive Engineering, Inc., is meritorious based on the general evaluation required by 10 CFR 600.14(d) and the proposed project represents a unique idea that would not be eligible for financial assistance under a recent, current or planned solicitation. The technology, if proven economical, will substantially augment the nation's fuel supply and provide a critically-needed alternative fuel for future generations. This vibrating bed design for a coal flash pyrolysis unit prevents agglomeration of coal particles by using a complex combination of linear, whirl, and oscillatory motion. The energy required for this vibratory motion requires only 10 percent of the power to run a gas fluidized bed. The design also avoids significant heat loss inherent in fluidized-bed and other designs. By recirculating lime-ash from the furnace back to the pyrolysis unit to serve as the heat source, IEI's technology consumes only enough energy required to drive the pyrolysis reaction. Specifically, IEI estimates that less than two percent of heat generated in the process is lost, a tremendous savings over the present technology, which may lose up to half the energy generated during pyrolysis. The grantee will design, build, and test a complex-mode vibration-fluidized bed for coal pyrolysis that will produce liquid and gaseous fuel from crushed coal. The inventor and principal

investigator, Arthur P. Fraas has 22 years experience in converting coal to gaseous and liquid fuels. For the past three years he has focused intensely on complex-mode vibration-fluidized beds. The proposed project is not eligible for financial assistance under a recent, current or planned solicitation because the funding program, the Energy Related Invention Program (ERIP), has been structured since its beginning in 1975 to operate without competitive solicitations because the authorizing legislation directs ERIP to provide support for worthy ideas submitted by the public. The program has never issued and has no plans to issue a competitive solicitation. This award will be made 14 calendar days after publication to allow for public comment.

Office of Fossil Energy

[FE Docket No. 95-21-NG]

Cabot Oil & Gas Trading Corporation; Order Granting Blanket Authorization to Import Natural Gas From Canada

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of order.

SUMMARY: The Office of Fossil Energy of the Department of Energy gives notice that it has issued an order granting Cabot Oil & Gas Trading Corporation authorization to import up to 5 Bcf of natural gas from Canada over a two-year term beginning on the date of the first delivery after March 31, 1995.

This order is available for inspection and copying in the Office of Fuels Programs Docket Room, 3F-056, Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C. 20585, (202) 586-9478. The docket room is open between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays.

Issued in Washington, D.C., April 6, 1995.

Clifford P. Tomaszewski,

Director, Office of Natural Gas, Office of Fuels Programs, Office of Fossil Energy.

[FE Docket No. 95-19-NG]

Northern States Power Company (Wisconsin); Order Granting Blanket Authorization to Import Natural Gas From Canada

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of order.

SUMMARY: The Office of Fossil Energy of the Department of Energy gives notice that it has issued an order granting Northern States Power Company (Wisconsin) blanket authorization to import up to 20 Bcf of natural gas from Canada over a period of two years beginning on the date of first delivery. This order is available for inspection and copying in the Office of Fuels Programs Docket Room, Room 3F-056, Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C. 20585, (202) 586-9478. The docket room is open between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays.

Issued in Washington, D.C. on April 4, 1995.

BILLING CODE 6450-01-P

Federal Energy Regulatory Commission

[Docket No. RP95-232-000]

Northwest Pipeline Corp.; Notice of Proposed Change in FERC Gas Tariff

April 13, 1995.

Take notice that on April 11, 1995, Northwest Pipeline Corporation (Northwest), tendered for filing and acceptance as part of its FERC Gas Tariff, Third Revised Volume No. 1, the following tariff sheet with a proposed effective date of May 4, 1995:

Second Revised Sheet No. 265

Northwest states that the purpose of this filing is to propose changes to Section 22.3(a) of the Capacity Release provisions contained in Northwest's General Terms and Conditions of its FERC Gas Tariff. These changes are necessary to conform Northwest's Tariff with the capacity release changes made in the Commission's Order No. 577.

Northwest states that a copy of this filing has been served upon Northwest's jurisdictional customers and interested state regulatory commissions.

Any person desiring to be heard or protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with §§ 385.214 and 385.211 of the Commission's Rules of Practice and Procedure. All such motions or protests should be filed on or before April 20, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Docket No. RP95-233-000]

Colorado Interstate Gas Co.; Notice of Proposed Changes in FERC Gas Tariff

April 13, 1995.

Take notice that on April 11, 1995, Colorado Interstate Gas Company (CIG), tendered for filing to become part of its FERC Gas Tariff, First Revised Volume No. 1, revised tariff sheets, as listed below, to be effective May 15, 1995.

Third Revised Sheet No. 35
Third Revised Sheet No. 36
Third Revised Sheet No. 57
Third Revised Sheet No. 58
Second Revised Sheet No. 69
First Revised Sheet No. 70
Third Revised Sheet No. 101
Third Revised Sheet No. 102
First Revised Sheet No. 123
Third Revised Sheet No. 127
Second Revised Sheet No. 128

CIG states the purpose of this filing is to add a provision to CIG's tariff addressing situations where the nominating procedures required by an interconnecting pipeline are not compatible with CIG's nomination procedures. CIG further states anytime a minor change is necessary to CIG's nomination procedures at an interconnect with another natural gas pipeline, CIG will post the change on its electronic bulletin board and notify each affected Shipper.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the
